

# Village Vet

 **Vet24**   
It's not out of hours for us

## Sean McInnes

BVSc (Hons) MVS MRCVS

### Hampstead (primary, referral and 24 hour clinic)

The Hampstead practice has been a veterinary clinic since the 1920's offering over 80 years of service to the community. In October 1988 it became the first original Village Vet Practice. Within this single shop front terraced property work three full time and three permanent part time vets along with nine nurses and three receptionists. **Between our vets we have over 80 years of experience!** The practice is fully computerised and exceptionally well equipped over 4 floors with: consulting rooms, operating theatre, hospital wards, full laboratory, digital radiography, ultrasound, endoscopy and intensive care unit!!! All this means that we can do everything to help your pet under one roof! Along with our primary care clinic the Hampstead practice also receives internal and external medical and surgical referrals and serves as the 24 hour emergency clinic for many of our London practices. Furthermore, we now have a vet and nurse on-site throughout the night so that we can offer continuous care throughout the night. We are even happy to see clients throughout the night for non-emergency cases. So next time your pet needs seeing out of hours, remember it's not out of hours for us.
